

## 2023 SCCF BOARD OF DIRECTORS ELECTION

This year SCCF members will elect six of the twelve Board members to terms ending following the 2025 board election. Vote for up to six. Mail ballots to SCCF Elections, C/O J. Harrell, 12038 Woodside Ave, Ste C, Lakeside, CA 92040-2941. Those voting by mail must include their name on the outside of the envelope. Mail in ballots must be received by Friday, September 1. In-person voting will also be available at the Southern Cal Open until Monday, September 4, at 10 AM. Candidate statements and the ballot are below.

### Chuck Ensey

I have spent a good portion of my time in the world trying to promote chess and I am hopeful that being on the board of SCCF will help in some small way. Organizing tournaments is my passion and I am trying to get better at it each year.

### Abhishek Kylasa

For the past four years, it has been my pleasure serving in SCCF as head of the College Chess committee. Looking to continue supporting the statewide college chess community, and California Intercollegiate Chess League (CICL).

### Jonney Machtig

I have been SoCal's representative of Clubs and Leagues for 8 years. It has been rewarding to organize meet-ups that bring together players to play both casual and tournament games. I plan on continuing to engage both scholastic and adult improvers. I hope to serve you all for another year.

### Sean Manross

It has been an honor to serve the members of SCCF since 2017, including as our President from 2018-2021. As a Delegate of US Chess and member of the FIDE Commission for the Disabled, it would be a pleasure to continue to serve you, if you deem fit.

### Keith Martin

I wish to run for reelection to the Board of Directors of the Southern California Chess Federation. As a current Board member I would continue to add stability to the Board. I am a chess trainer in my community and a board member of the Riverside Youth Chess Association.

### Alaa Moussa

I served on SCCF board in 2014 before relocating to Michigan for work. I would like to serve again to focus on promoting seniors' chess activities and organizations. Having participated in seniors' chess tournaments in both Michigan and Colorado, I believe an opportunity exists to do more for senior players.

### Mason Welch

I'm Mason Welch, a chess teacher who works at schools in Los Angeles to help young chess learners. I believe that players are the key to a healthy and enriching chess environment. I'd like to create events which will sponsor the growth of the Southern California Chess Community for all.
